

How to Become a Utah Soccer Referee

Four Simple Steps

1. Sign-up for a certification course
2. Complete online training modules and attend in-person training
3. Order a free referee uniform kit (shipping fees will apply)
4. Contact an assigner for assignments and assigning platform instructions

Step 1 – Certification

Certification Instructions for Referees

Those interested in becoming a referee for the first time must complete following requirements **PRIOR** to attending an Entry Level clinic.

1. On the Utah State Referee Committee (SRC) [Google Calendar](#), click the *Entry Level Grassroots* course you would like to attend in person.
 - At the bottom, click “More Details.” Then, scroll down on the new window and click the link at the bottom to register for the in-person course. (*Links will be live starting on July 1st*)
2. Using the link in the [Google Calendar \(DO NOT GO DIRECTLY TO THE LEARNING CENTER\)](#), create a US Soccer profile on their online Learning Center. Use the referee’s email address, do NOT use a parent/guardian’s email address. This is how we will communicate with our referees and for other reasons. If parents use their own email address, it will make things more difficult with the registration process.

****Your fee in the US Learning Center will reflect the subsidy. There is no discount code needed.**

Step 2–Complete Online & In-Person Training

Complete a 4.5-hour e-learning Grassroots Level experience on US Soccer’s online Learning Center. The exact link will be posted on the Google Calendar in the details portion for each clinic. This course is about 4.5 hours AND must be completed before attending the in-person portion of the clinic. There are several parts to this online course. Once you log in, click on the “Assignments” tab. There you will see the Online Grassroots Referee Course, SafeSport Training, Introduction to Safe and healthy Playing Environments, and Grassroots Referee Certification Quiz. Questions from the test are taken directly from those modules.
